SDS Not Required

Date: June 7, 2021

To: SDS Requestor

Subject: The SDS you have requested

In response to your request for a material safety data sheet, according to the OSHA Hazard Communication Standard (Right-to-Know), an SDS is not required for the requested product(s). These items are considered as either an “article” as defined in 29 CFR 1910.1200 or as a “consumer product” and are exempt from the Hazard Communication Standard.

See the definitions below regarding “article” and “consumer product”.

Please contact us if you have any further questions.

Product Name(s):

**60 Piece Winter Care Assortment – DWR60
Mallory Ultra Maxx 34” Snowbrush -999CT**

Contact Name: Will Blalock

Contact Phone: 620-591-8263

Hazard Communication Standard 29 CFR 1910.1200: An "article" means a manufactured item: (1) which is formed to a specific shape or design during manufacture (2) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (3) which does not release, or otherwise result in exposure to, a hazardous chemical under normal conditions of use.

The HCS exempts any consumer product or hazardous substance, as those terms are defined in the Consumer Product Safety Act (15 U.S.C. 2051 et seq.) and Federal Hazardous Substances Act (15 U.S.C. 1261 et seq.) respectively, where the employer can show that it is used in the workplace for the purpose intended by the chemical manufacturer or importer of the product, and the use results in a duration and frequency of exposure which is not greater than the range of exposures that could reasonably be experienced by consumers when used for the purpose intended.
